

Are you an orange horse?

We are looking for a **remarkable person** to join us, to achieve **remarkable change**

We are committed to a safe start to life for every child and we get results.

Are you an open-minded, curious, accountable person; one with energy and heart to pursue and achieve extraordinary results?

We need you to lead our small, focussed, high performing teams and manage our health funded contracts for addressing smoking in pregnancy and preventing sudden infant death.

In this role, you will strive for outcomes that make a real difference in people's lives every day. Key areas of accountability are: overall operations, team leadership and development, programme delivery, business and finance, contracts and licences, strategic relationships, monitoring and reporting.
